To whom this may concern:

As a tenant of DRK and Company since January of 2009, I have had the privilege to work very closely with Jaimine and am continuously impressed with not only her professionalism but also her ability to promptly handle and address any and all of our companies needs or concerns as tenants. It is a rarity to find someone of her character and business sense and I can honestly say that our decision to continue our time here was, in part, based on our existing business relationship and continued trust in Jaimine and the work she does for DRK and Company.

Nearing the conclusion of our initial lease agreement Jaimine invested time with our management team and successfully was able to put together a package that we are extremely happy with. Her diligence in addressing our need for improvements within our office as well as the professional relationship and trust she was able to build with our team makes us excited to continue our relationship with both her and DRK and Company.

Thank you kindly
